

## Safety Guiding Principles

We value human life and well-being above all else and take action accordingly.

All incidents, injuries and workplace illnesses are preventable.

We are personally accountable for our own and collectively responsible for each other's safety.

By committing to safety first, we advance our goals for quality, cost and schedule.

# Visitor Safety Guide

## In Case of An Emergency:

- Follow your host or other Boeing personnel to a safe location.
- Ask your host to get help if in need of first aid.
- Dial 911 to report the emergency.

### Emergency Phone Numbers

**North Campus/Off-Site:** 911, then call 844-898-6644 to notify Boeing Security and Fire Protection. Assistance will be given to help responders arrive quickly to the incident scene.

**Non-Emergency:** 844-358-8800

**EHS On-Call:** 843-276-3547

**The Boeing Company**  
4249 Crosspoint Dr.  
Ladson, SC 29456

It's personal—for you and for us.

One Day at a Time.

## Welcome to Boeing

At Boeing, safety is a core value. We are committed to creating a safe, zero-injury environment for our teammates and for visitors to our facilities. This aligns with the proud Boeing tradition of designing and building safe products for our customers.

We want your visit to be safe.

Please take time to review the safety practices covered in this brochure. Your host will assist you in understanding them.

Some of the practices are common sense, such as using handrails on stairs. Others—such as using cell phones only when standing still—may be new to you. They all have one thing in common—they're for your safety and the safety of those around you.

Thank you for your cooperation to make this an injury-free workplace.

We hope you have a pleasant—and safe—visit.

## Safety Requirements

### ELECTRONIC DEVICES

Texting or talking on an electronic device while walking is not permitted. If necessary, find a safe location to stop, out of the way of pedestrian and vehicle traffic, to use the device.

Using hands-free devices while walking is allowable if in designated safety zones. Use hands-free devices if operating a vehicle.

### EYE AND EAR SAFETY

Protect your eyes and hearing in production or operations areas.

### PARKING LOTS / INTERSECTIONS

Use crosswalks and walkways.

Look both ways.

Make yourself visible to vehicles, and make eye contact with drivers.

### SAFETY LINES

Stay on crosswalks and walkways.

Observe and obey posted signs.

Be aware of vehicles, cranes, moving equipment and other potential hazards around you.

### STAIRWAYS

Use handrails on stairways.

Take one step at a time.

### OFFICE AISLEWAYS

Be aware, slow down and look around at intersections.

### PROTECTIVE FOOTWEAR

Always wear appropriate footwear.

### YELLOW REFLECTIVE VESTS

Stay visible and observe Flightline and ramp area safety precautions provided by your host.

### BUMP CAPS

Bump caps are required in designated areas.

Occupational Health and Safety Policy

Boeing South Carolina's commitment to safety is demonstrated through the implementation of a comprehensive Occupational Health and Safety Management System (SMS). An additional strategic business objective is to achieve and maintain ISO 45001 conformance. ISO 45001 is the internationally recognized health and safety management system for a continual improvement-based system. It is designed to drive injury and illness reduction and will help us standardize our processes.

Boeing is committed to:

- 1. Providing a framework for establishing Occupational Health and Safety objectives and plans to achieve them.
- 2. Conducting operations in compliance with applicable laws, regulations, and Boeing policies and procedures.
- 3. Providing safe and healthy working conditions for the prevention of work-related injury and ill health.
- 4. Continually reduce occupational injuries and illnesses by assessing, evaluating, communicating, and controlling or eliminating Occupational Health and Safety risks.
- 5. Continually improve our Occupational Health and Safety management system.
- 6. Working together with our stakeholders on activities that promote Occupational Health and Safety.
- 7. The consultation and participation of workers.

Boeing Environmental Policy

Boeing South Carolina's commitment to exemplary environmental citizenship can be demonstrated through the implementation of a comprehensive Environmental Management System (EMS). One of our strategic business objectives is to achieve and maintain ISO 14001 certification of our EMS. ISO 14001 is the globally recognized standard for environmental management systems.

Boeing is committed to:

- 1. Conduct operations in compliance with applicable environmental laws, regulations and Boeing policies and procedures.
- 2. Prevent pollution by conserving energy and resources, recycling, reducing waste and pursuing other source reduction strategies.
- 3. Continually improve our environmental management system.
- 4. Working together with our stakeholders on activities that promote environmental protection and stewardship.

Site Environmental Requirements

- Nothing but rainwater can be discharged to the site's stormwater systems without Environment, Health and Safety approval.
- Hazardous materials and waste may only be stored and used in designated areas.
- Boeing is responsible for all hazardous waste generated on the site. Contact Environment, Health and Safety for waste management and disposal instructions.

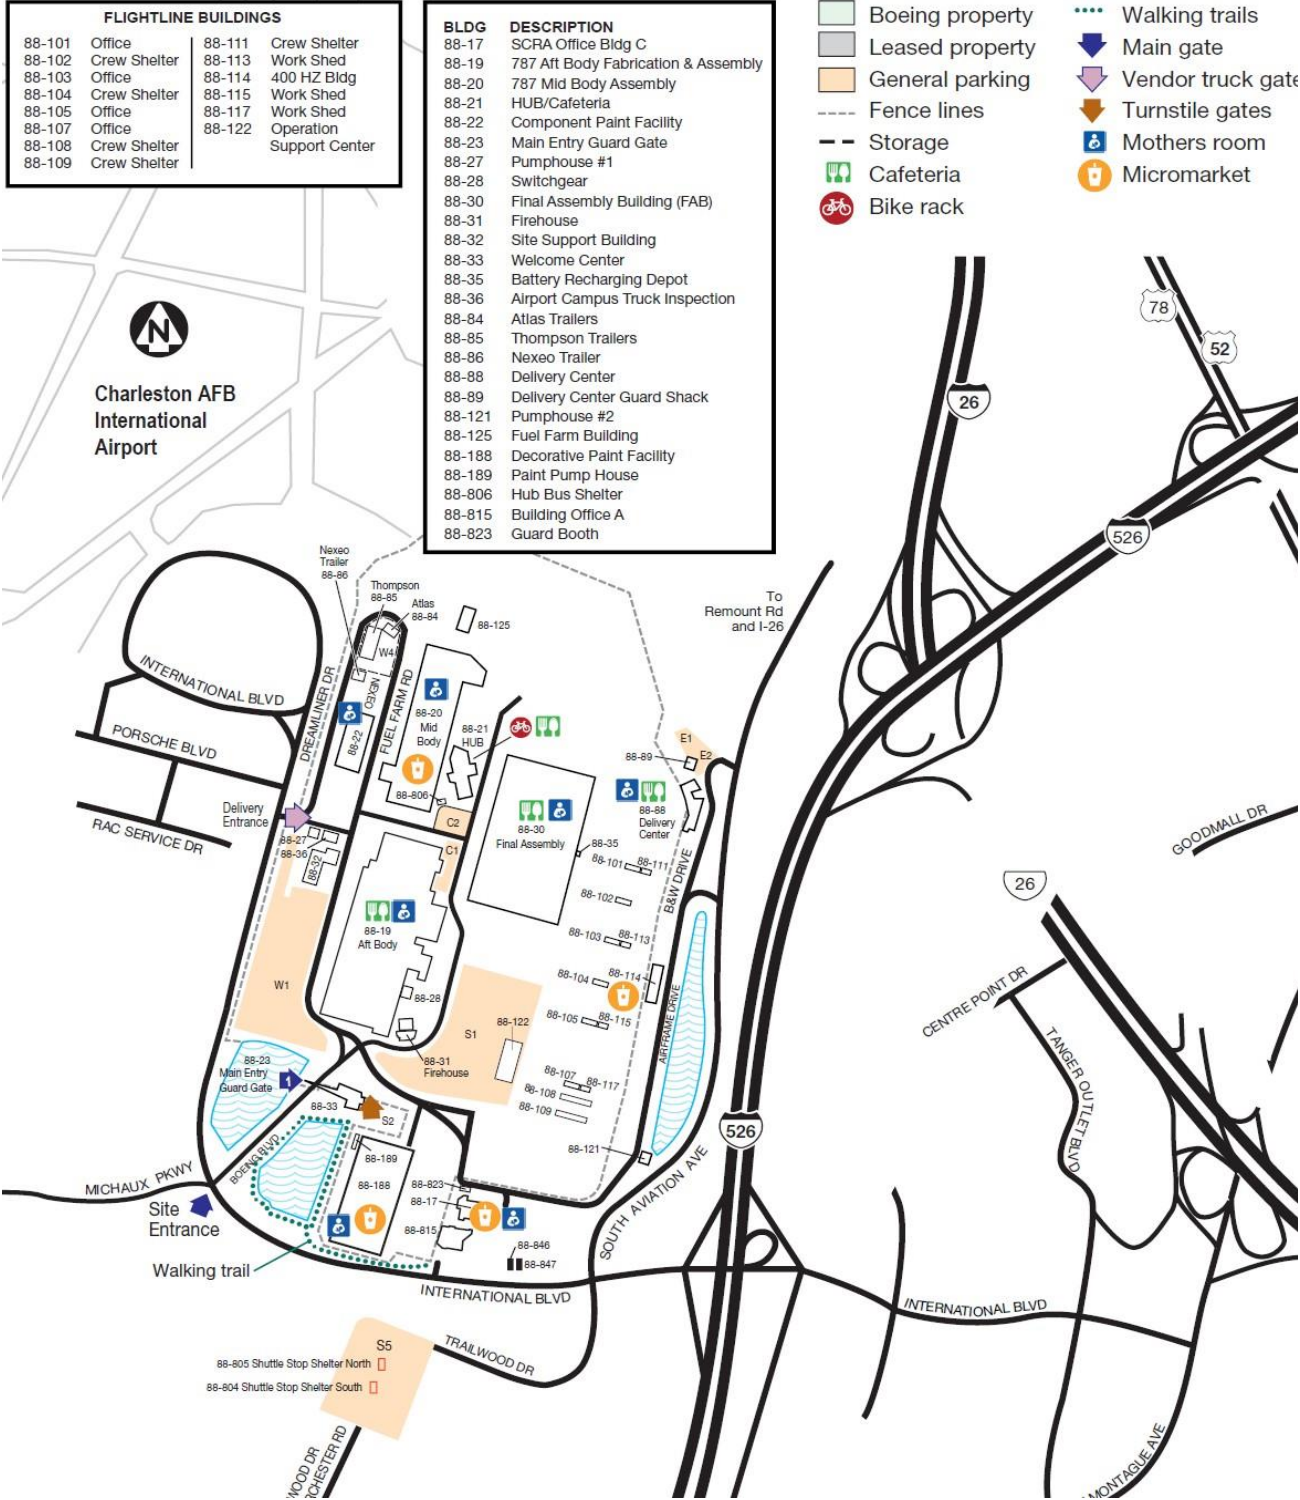

Recycle—Zero Waste to Landfill

- We are a Zero Waste to Landfill site and are powered by 100% renewable energy.
- Use the appropriate recycling containers while on site.

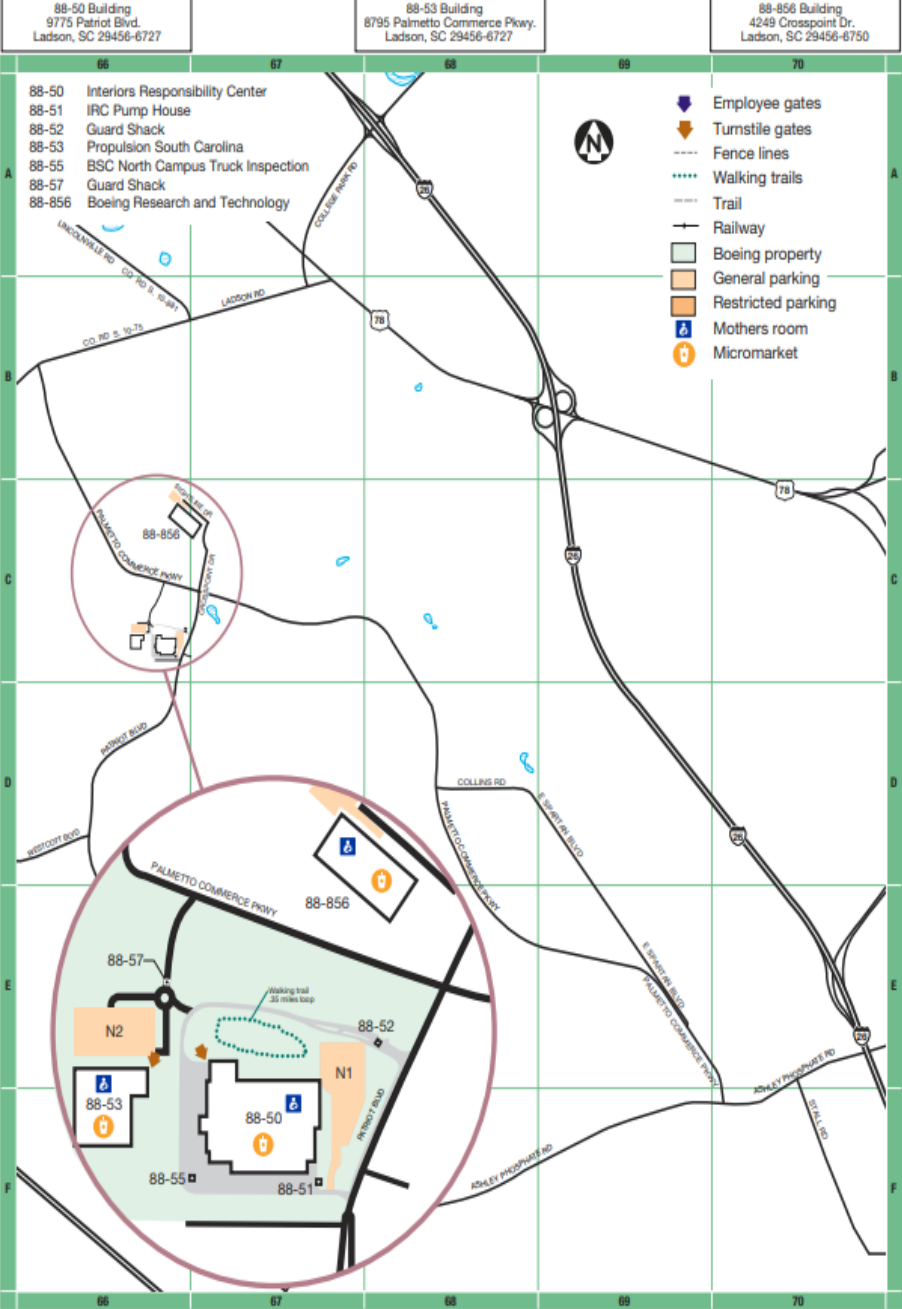

General Site Requirements

- Officially issued credentials/badges must be visible at all times.
- Use of tobacco, illegal drugs, alcohol and weapons are prohibited on company property.
- Photography is not allowed at Boeing South Carolina without a Boeing camera permit.
- The speed limit is 15 mph on roadways and 10 mph in parking lots.
- Factory footwear includes closed-toed shoes made of sturdy material, heels less than 2 inches high and base more than 1 square inch, and slip-resistant soles at least ¼ inch thick.
